

ProShow

Professional Disc Jockey Service and Specialty Rentals

The ProShow Difference

From the most elegant reception to the all-out party atmosphere, ProShow has been raising the standards of the disc jockey field for nearly thirty years. Our entertainment specialists do more than simply play music: they serve as Master of Ceremonies, encourage guest participation, incorporate family traditions and facilitate with vendors to ensure a seamless event, all while maintaining the highest level of professionalism.

Customized Services

No two events are alike. We expect to customize each according to our client, their audience, and their goals. With this in mind, all of our clients have the opportunity to utilize our knowledgeable staff and extensive music library of over 35,000 song titles throughout the planning process of their event.

Our Organization

ProShow is a single-owner, small business designed with the client in mind. Maintaining our standards is an essential ingredient to the success of our company. It is our highest priority to ensure our clients receive the same service they have come to expect since 1977.

Our Experience

ProShow has earned the respect of Michiana's key reception facilities and vendors due in no small part to the solid group of individuals working for our company. Because we provide music for a wide variety of events including wedding receptions, corporate functions, school dances, church groups and youth organizations, it is imperative our specialists maintain the highest ethical standards in programming of music.

Contact us today and let ProShow earn the opportunity to make your event unforgettable.
